Introducing the first ever Precision Series self-contained compactor that’s designed and engineered for performance

GUARDIAN CONTROL SYSTEM
» Automatic maintenance tracking
» Superior 24 volt controls and NEMA 4 rated enclosure

LARGEST ACCESS OPENING FOR MAINTENANCE / SERVICE
» Easy to inspect and access cylinders and hoses

PRECISION GUIDED RAM
» Glides smoothly above floor on UHMW guides
» Ram penetrates 7” into container to minimize spring-back

LONGEST STANDARD WARRANTY
» 5-year structural warranty

IDEAL FOR:
- Supermarkets
- Malls
- Hospitals
- Restaurants
- Office Buildings
- Retail Establishments

Patent Number 9,358,745
BEST-IN-CLASS BENCHMARK TESTING

TESTING CRITERIA

COMPACTOR HEAD
Ram base, face, floor plate, ram travel, and sidewall

POWER UNIT
Oil reservoir, pressure switch or transducer, directional valve, pump size and PLC

CONTAINER
Capacity, door sheet, side wall, door seal, hinge system and shipping height

JAM TEST
Flex/twist, ram rack and damage

CYCLE TEST
Operation, wear and reliability

FEATUREING OUR GUARDIAN CONTROL SYSTEM

**PRECISION GUIDED RAM**

- Breaker bar is engineered for increased strength and is designed for additional structural support.
- Ram is suspended above chamber floor and glides on near frictionless UHMW guides.
- Large 40”X 60” clear top opening is WASTEC rated at 1.48 cubic yards

**LARGEST MAINTENANCE ACCESS IN THE INDUSTRY**

- Large 49”X 18” access opening
- Hydraulic hoses are easy to inspect /replace
- Clean out area designed to drain excessive liquid
- Up to 33% less time to change cylinders

**ADJUSTABLE SLIDING HINGE**

- Adjustable sliding hinge draws door in evenly
- Heavy-duty design and full door seal
SELF-CONTAINED COMPACTORS

FEATURES

STANDARD
• Precision guided ram system
• Guardian Control System
• Automatic Maintenance Scheduler (AMS)
• NEMA 4 enclosure
• Controls in panel face
• 5-year structural warranty
• 33-second cycle time
• Full container light
• Low temperature oil
• Multi-cycle timer
• Operational and service manual
• Primed and painted in several colors

OPTIONS
• Advance warning light
• Pressure gauge - color coded
• Controls on remote pendant in lieu of mounting in panel face
• Guide rails with stops
• Oil heater
• Photo electric eye
• Odor control system
• Container lifter
• HT (Hinged Tailgate) models

SPECIFICATIONS

Charge Box
• Wastequip rating - 2.00 cubic yards
• Waste rating - 1.48 cubic yards
• Clear top opening - 40” Length x 60” Width

Ram
• 1/4” steel construction with engineered structural reinforcements and precision guided ram system

Compactor Head
• Floor - 3/8” with two 5” channel supports
• Sides - 3-1/16” side plates with 6” x 3” formed steel stiffener
• Top rail - 6” x 3” formed steel stiffener
• Breaker bar - 6” x 6” x 1/2” angle steel
• Sump - 12” height

NOTE: XPE models include 1/2” ram and compactor head floor, 1/4” container floor, 3/8” push plate, stainless steel cylinder pins, hydraulic hose guards and fully welded (inside/outside) container sidewalls

Standard Color Choices*

Colors shown are as accurate as printing allows. The actual color is subject to variation from the printed color sample. Color choices vary by plant location. Please contact your local sales representative for available colors. Custom colors are available upon request and are subject to an additional charge.

Electrical
• Electrical motor - 10 hp TEFC (Totally Enclosed Fan Cooled)
• Voltage - 208/230/460, 3 phase, 60 HZ (optional 575V)
• Power box - NEMA 4 rated, UL listed
• Automated cycle operation - turn key switch-ram extends, retracts and stops automatically

Hydraulic Performance
• Ram face pressure
  • Normal - 39,800 lbs
  • Maximum - 49,500 lbs
• Ram psi
  • Normal - 25.00 psi
  • Maximum - 31.73 psi
• Operating pressure
  • Normal - 1,850 psi
  • Maximum - 2,300 psi
• Container
  • 7 gauge floor with 3” channel crossmember
  • 6” x 2” x 1/4” tube rails, 36-1/2” I.D. between rails
  • Solid steel bullnose and hook at both ends
  • 4” diameter rollers, 4-1/2” long
  • Length, Width and Height - see chart above

265XP model (cu. yds.) Overall length (A) (in.) Container length (B) (in.) Overall height (C) (in.) Floor length (D) (in.)* Width (in.) Weight (lbs.)
20 188 121-1/8 187 102 8,500
25 218 148-1/8 217 100 8,850
30 248 178-1/8 246 9,450
35 278 208-1/8 277 10,000
38 299 229-1/8 298 10,500

* Bullnose to bullnose
